

- By Decree of Russian President Vladimir Putin, 2023 was declared the Year of the Teacher and Mentor. The mission of the Year is to recognize the special status of teaching staff, including those performing mentoring activities. The events of the Year of the Teacher and Mentor will be aimed at increasing the prestige of the teaching profession

**A NEW DAY,  
NEW KNOWLEDGE**

**My mentor**

the year of the teacher and mentor

## Who is a mentor?

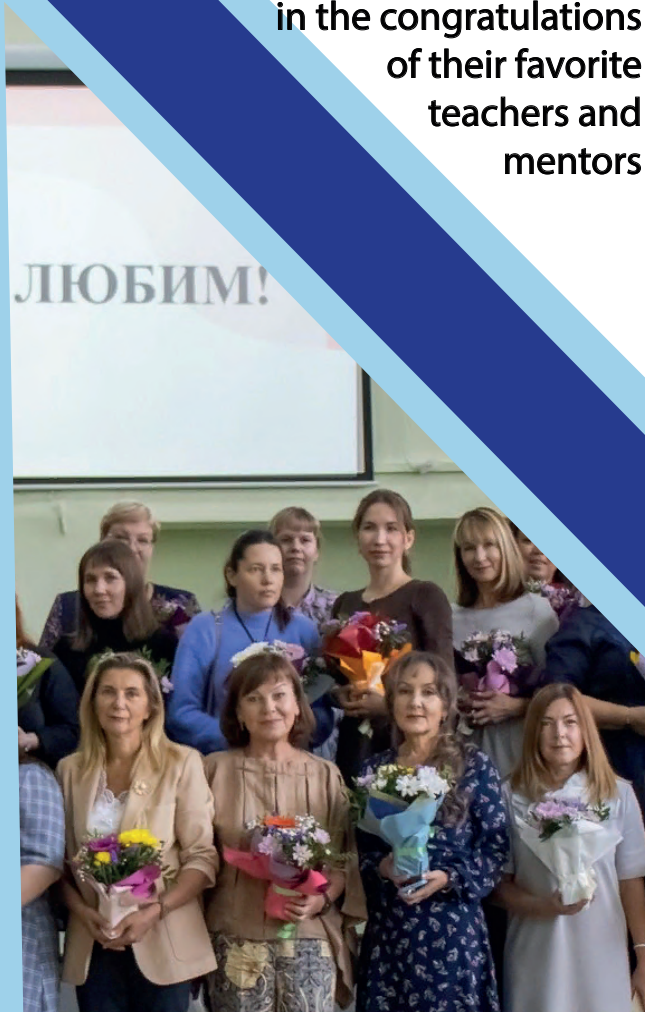

A mentor is a professional who transfers his knowledge, skills and practical experience to another, less experienced or novice specialist

Thanks to the mentor, you:

- Gain new knowledge
- Improve your navaki
- You will develop
- You will achieve your goals
- Become professionals
- Achieve success

In the Perm College of Entrepreneurship and Service, the year of the teacher and mentor was held in a special way. This year, the college notes For 65 years, students have created a whole TV channel "PKPS" to celebrate the holidays brightly and spectacularly. Everyone participated in the congratulations of their favorite teachers and mentors

My students are great teachers  
The Perm College of Entrepreneurship and Service has hardworking professionals in their field  
Each of them is an assistant and mentor to students  
Support, help, understanding, kindness, justice, honesty, responsiveness, beauty, intelligence  
- this is a small part of the description of college teachers  
Many thanks to every teacher for what you are!
